

## ***Next Stop... Australia!***

**It is our pleasure to invite you to the 13th International Conference of the Metabolomics Society from 25-29th June 2017 at the Brisbane Conference and Exhibition Centre (BCEC) in Brisbane, Australia.**

The conference has the theme of ***Building Bridges*** and under this banner extends its reach to the systems biology / genome-scale modelling community, as well as to the analytical chemistry / natural products chemistry community. In addition, the program features thematic streams for advancing the field, for food and environmental metabolomics, and for health and wellness. In addition, a deeper engagement between researchers within the Asia Pacific region is a natural focus for a conference held in Brisbane to promote metabolomics research, build and strengthen networks in the region.

We invite you to attend an exciting scientific program comprising 27 oral sessions, 5 plenaries, 4 poster sessions, sponsored luncheons, as well as several keynote lectures and workshops. We will continue the successful tradition of satellite workshops to the conference in the afternoon of Sunday 25th June and the morning of Monday 26th June. Additionally, we have planned a range of social activities, including a welcome reception, an early-career researcher mixer and a conference dinner in the iconic BCEC Plaza Ballroom to give you a true Aussie-style experience.

13th Annual Conference of the Metabolomics Society  
**METABOLOMICS 2017**  
BRISBANE, AUSTRALIA June 26-29

# Partnership Profile

*Chenomx has been a sponsor of all the Metabolomics Society conferences since attending the first conference in Japan in 2005. It has offered us the opportunity both to monitor the new advances in metabolomics technologies and research and to meet the people that are involved in these advances. Our business is to support researchers by offering advanced and useful software for identifying and quantifying metabolite compounds within typical research bio-fluids.*

*The metabolomics society conference is the largest and most comprehensive conference in our field and we have been pleased to be a part of it.*

Neil Taylor, Chenomx Inc.

## Ways to Engage in 2017

**Sponsor a travel award** to help a student experience this international learning experience.

Become a supporter through a **Media Partnership** to spread the voice of the conference far and wide.

Are you from Australia? Show your support as a **Local Sponsor** and share your work with attendees.

We offer a platform for **Univeristy/Non-Profit Sponsors** to share their work and research.

**Bronze Sponsorship** will get your name in front of industry peers as a supporter of the conference.

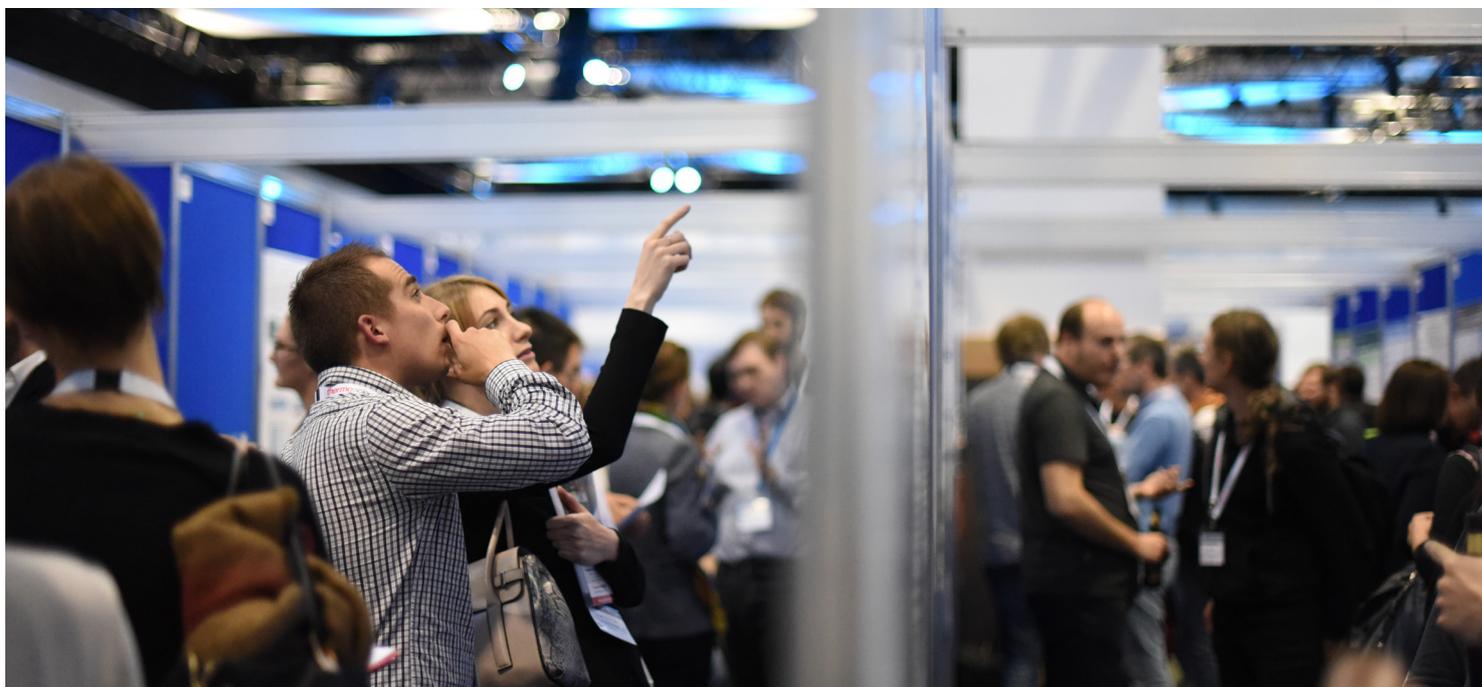

Build your name and get on the show floor as a **Silver Sponsor** to make key connections.

With 5 minutes to address the audience, **Gold Sponsorship** gets your voice out there on a large scale.

Gain maximum exposure at every level and get attendees to know your name as a **Platinum Sponsor**.

---

We are offering a variety of options for corporations, organizations, and non-profits to engage with and support the Metabolomics 2017 conference. The support of partners like you helps us continue to provide these opportunities for world-wide industry progress. [Click here for more information!](#)

## About Us

The Metabolomics Society is dedicated to promoting the growth, use and understanding of metabolomics in the life sciences. The Metabolomics Society is an independent, non-profit organization, governed by an elected Board composed of dedicated members of the metabolomics community but ultimately responsive to its members. The Metabolomics Society's vision is to become the premier organization devoted to the development of metabolism-based research. Constituted in 2004, the Metabolomics Society now has more than 1,000 members in more than 40 countries. For more information visit the website at [www.metabolomicssociety.org](http://www.metabolomicssociety.org).

## Our Mission

- To promote the growth and development of the field of metabolomics internationally
- To provide the opportunity for collaboration and association among the workers in that science and in related sciences and connections between academia, government and industry in the field of metabolomics
- To provide opportunities for presentation of research achievements and creation of workshops, and
- To promote the publication of meritorious research in the field.

The Metabolomics Society, Inc. is not affiliated, associated, endorsed by, or in any way officially or unofficially connected with OMIC Group International (Nevada, USA) or any of that company's affiliates or subsidiaries.

## About Brisbane

Brisbane is a vibrant, friendly, lifestyle city - home to leading medical research and a thriving industry hub, located in the heart of Australia's premier tourist region. The BCEC is rated among the top three convention centres in the world, and was the venue of the 2014 G20 Leaders Summit. It is ideally located in the unique riverside cultural and lifestyle precinct at South Bank, which is an inner city oasis with riverfront parkland, rainforest pockets and Australia's only city-based sand and swimming beach as well as Australia's newest and largest Gallery of Modern Art, cafes, restaurants and stylish shops.

Brisbane is the ideal opportunity for delegates to enjoy a microcosm of Australia's iconic experiences. World heritage listed rainforests, amazing beaches, islands, wineries and the internationally famous Australia Zoo – home of the crocodile hunter – are all easily accessible within an hour of the city. You can even do day trips to the Barrier Reef from Brisbane.
