

## Happy New Year from the Industry Engagement Task Group (IETG) of the Metabolomics Society!

Volume 1, Issue 2

January 2016

We are delighted to announce that the 12th International Conference of the Metabolomics Society will be held in Dublin, Ireland June 27-30, 2016 at the Convention Centre Dublin (CCD). The CCD is Ireland's new world-class, purpose built, international conference and event venue.

### Sponsorship Opportunities are Now Available.

Don't miss out and register now by clicking the link below!

The conference is the official meeting of the Metabolomics Society bringing together all the major international organizations involved in human, plant, microbial, animal and environmental Metabolomics.

We expect this to be the premier event in 2016 for Metabolomics researchers from around the world, where you can network and build relationships with established experts and the rising stars of the future.

Your support is extremely important to the success of the meeting, helping to keep registration costs down which allows more of our younger scientists to attend, including our vibrant Early-career Members Network (EMN).

Keep in mind, once you register for a sponsorship level, there are other ways to contribute to the Society by sponsoring an add-on item, Corporate Awards for mid-career to senior scientists, Student and EMN Travel sponsorships and the EMN reception.

**Support your Society!**  
**You can make a difference for scientists on all levels.**

### Attention 2015 Corporate Members

Your 2015 membership has expired.

Don't miss out on the benefits and renew today!

If you register for a sponsorship level (Platinum, Gold, Silver or Bronze) for the 2016 Dublin conference, your Corporate Membership is included.

# METABOLOMICS 2016

12<sup>TH</sup> ANNUAL CONFERENCE OF THE METABOLOMICS SOCIETY

JUNE 27-30, 2016

## Interested in becoming more involved with the Society?

We are looking for Corporate Members to join the Industry Engagement Task Group (IETG). You must be a current member of the Society and play an active role in the metabolomics field. The IETG meets bi-monthly and we need corporate members (scientists or marketing) to help expand the perspective of our plans and offerings to the corporate research and sales communities.

## About Us

The Metabolomics Society is dedicated to promoting the growth, use and understanding of metabolomics in the life sciences. The Metabolomics Society is an independent, non-profit organization, governed by an elected Board composed of dedicated members of the metabolomics community but ultimately responsive to its members. The Metabolomics Society's vision is to become the premier organization devoted to the development of metabolism-based research. Constituted in 2004, the Metabolomics Society now has more than 1,000 members in more than 40 countries. For more information visit the website at [www.metabolomicssociety.org](http://www.metabolomicssociety.org).

## Our Mission

1. To promote the growth and development of the field of metabolomics internationally
2. To provide the opportunity for collaboration and association among the workers in that science and in related sciences and connections between academia, government and industry in the field of metabolomics
3. To provide opportunities for presentation of research achievements and creation of workshops, and
4. To promote the publication of meritorious research in the field.

The Metabolomics Society, Inc. is not affiliated, associated, endorsed by, or in any way officially or unofficially connected with OMIC Group International (Nevada, USA) or any of that company's affiliates or subsidiaries.
